PROJECTS	TsQuality . The project aims at profiling, anomaly detecting and data repairing for time series data with large size and provides data quality for further data mining. It is a sub-project in National Engineering Laboratory for Big Data Software .	
MENTORSHIP	<p>I am fortunate to work with a great group of graduate and undergraduate students during my PhD time at Tsinghua University:</p> <p>Undergraduate Mentorship</p> <ul style="list-style-type: none"> - 2016.07-2017.05: Director of the Student Affairs Office in School of Software, Tsinghua University - 2015.01-2016.07: Vice Director of the Student Affairs Office in School of Software, Tsinghua University - 2012.08-2015.07: Counsellor of over 60 undergraduates of class 2012 in School of Software, Tsinghua University (won over 5 Excellent Collective Awards and the Lin Feng Counsellor Award)
