RESEARCH INTERESTS

Data Cleaning, Data Imputation, Temporal Anomaly Detection etc.

EDUCATION

Tsinghua University, School of Software — August 2013 - now
Ph.D. in Software Engineering — with **Graduation Award**
Thesis: *Research on Time Series Data Cleaning* (Supervisor: Prof. Jianmin Wang)

Tsinghua University, School of Software — August 2009 - July 2013
B.E. in Computer Software — with **Graduation Award**

HONORS & AWARDS

Tsinghua Zi Jing Scholar (*for counsellor who do fantastic job in research*)	2018
First-class Scholarship (Glodon Scholarship), Tsinghua University	2014,2017
Tsinghua Lin Feng Counsellor Prize (*highest honor to counsellors of undergraduates*)	2016
National Scholarship, Tsinghua University	2015
Excellent Communist Party Member of Master in Tsinghua	2015
Data transfer group champion, Solve for tomorrow, National Youth Science Innovation Experiment Competition	2013

PATENTS

3 patents in pending.

PROJECTS

TsQaulity. A project develops data quality tools for large scale time series data, including data profiling, anomaly detection and data repairing. It is one of the projects in the **National Engineering Laboratory for Big Data Software(NEL-BDS)**.

INTERNSHIP

Research Intern, Data Engineering Group in K2data, Beijing, China (October 2017 - now)

MENTORSHIP   I am fortunate to work with a great group of graduate and undergraduate students during my PhD time at Tsinghua University:

Undergraduate Mentorship

- 2016.07-2017.05: **Director of the Student Affairs Office in School of Software, Tsinghua University**

- 2015.01-2016.07: **Vice Director of the Student Affairs Office in School of Software, Tsinghua University**

- 2012.08-2015.07: **Counsellor of over 60 undergraduates of class 2012 in School of Software, Tsinghua University (won over 5 Excellent Collective Awards and the Lin Feng Counsellor Award**
